

9/27/2020

Krabby Patty has volunteered to be Director of our COVID-19 Response Plan and coordinator of all things COVID. If you are ill or have tested positive for COVID-19 please let her know asap. Your information will be held in confidence and our response will be timely and appropriate. We do not want to overreact to a rumor. As you all know, timely and factual information is important. However, rumors can be hurtful and a waste of our resources. Thank you Patty!
